

## To be the First

### Growth Group Questions

1. What was the one thing you had to be first in when you were a child?
2. In Genesis 4:20-23. It talks about the first people who created things that we still use today. Have you ever had an idea that you thought could change the world but didn't ever do it? What was it? And why did you not create it?
3. Submission is a word that many of us do not like to hear when it is applied to us submitting. Why do you think that is? And do you submit to the authority that is over you with a gracious heart? Why or Why not?
4. Reread Matthew 22:36-40. This is a common verse we most all know. However, love is one of the hardest things to show daily. Why is that? And who do you have the hardest time showing love?
5. Home work for the week: To show one person you don't know Gods love. Am not telling you to preach at them. Am asking that you show them Love. Next week tell the group how you did. Love you all.
